

REMARKS

Claims 1-20 remain pending in the present application. Claims 18-20 are new. Basis for the amendments and new claims can be found throughout the specification, claims and drawings originally filed.

NEW CLAIMS

New Claims 18-20 are dependent claims that Applicant believes properly further limit their respective base claim.

ELECTION OF SPECIES

The Examiner has required an election of species pursuant to 35 U.S.C. § 121 to one of the following patentably distinct species:

- I. The species principally illustrated in Figures 1 & 2 (page 7, line 19-page 18, line 19);
- II. The species principally illustrated in Figures 3 and 4 (page 18, line 20-page 22, line 11);
- III. The species principally illustrated in Figure 5 (page 22, lines 12-20);
- IV. The species principally illustrated in Figure 6 (page 22, line 21-page 24, line 17);
- V. The species principally illustrated in Figure 7 (page 24, line 19 – page 28, line 14);
- VI. The species principally illustrated in Figure 8 (page 28, line 14-page 30, line 1); and
- VII. The species principally illustrated by an in-determinant number of additional un-illustrated species described on page 30, lines 2-21, including a kind of “mix and match” of the first sixth species described briefly on page 30, lines 19-21.

Applicant, without traverse, respectfully requests the Examiner to proceed with Species I principally illustrated in Figures 1 and 2. Applicant believes that Claims 1, 11, 12 and 17, as well as new Claims 18-20, read on the elected species and that at least Claims 1, 11, 12 and 17 are generic. Applicant requests that the non-elected claims be held in abeyance for possible rejoinder and/or further prosecution in future divisional

and/or continuation applications.
